

## Whale Rock

**15 mins**

**Moderate track**

3

**516 m Return**

**↑ 26m**

This rock formation really does look like a Whale. The walk down from Boundary Rd is the shortest and easiest way to see Whale Rock. The walk follows a management trail the short distance to an intersection where you will find Whale Rock. This walk starts at the end of Boundary Rd in North Epping.

### **Are you ready to have fun?**

Please ensure you and your group are well prepared and equipped for all possible hazards and delays. Check park closures, weather information and Fire Danger Rating before setting out. Optional side trips and alternate routes noted are not included in this walks overall grade, length or time estimate. Please allow extra time for resting and exploring areas of interest. The authors, staff and owners of wildwalks take care in preparing this information but will not accept responsibility for any inconvenience, loss or injury you may experience. Please take care, have fun - Happy Walking.

**Getting there** You can get to Int. Boundary Rd and Boundary Rd Fire Trail (gps: -33.7539, 151.0908) by car or bus. Car: There is free parking available.

This is a return, so you will finish back at the start.

Find up to date and more information including; travel directions, weather, park closures and walker feedback at <http://wild.tl/wr>

### **0 | Int. Boundary Rd and Boundary Rd Fire Trail**

*(260 m 5 mins)* From the end of Boundary Rd the track heads past the gate following the sign, Bounday Rd Fire Trail. The track winds down the hill to pass over several speed bumps to come to the sandstone feature of Whale Rock.

### **0.26 | Whale Rock**

This is a large boulder that looks eerily like a whale, complete with eye socket. It is a good place to break and climb around the Rock.
